

VETERANS' (over 40) ALL-TIME RECORDS

A Veteran can only establish an age record if someone older or of the same age has not already gone faster. On this list a rider in **bold type** is faster than everybody younger, down as far as the next **bold name** on the list. The youngest **bold name** on the list is faster than any over-40 in the Club's history.

\$\$ Current National Record \$ Previously a National Record
\$\$ Current East Anglian Record \$ Previously an East Anglian Record

The Veterans' Standard Times were recalibrated higher in 2013 resulting in + figures from that year on being lower

VETERANS' BEST ALLROUNDERS

These are calculated on Age 'Plus figures' obtained from VTTA Standard tables at 25, 50 & 100 miles
 For each distance the Standard mph from the Table minus the rider's actual mph gives the 'plus' mph for that distance.
 These 3 'plus' miles per hour are totalled, then divided by three to give the **Average Plus MPH**

SOLO	2018	Andy Grant	+8.025 mph	
	2016	Ken Platts	+6.998 mph	(Lower + speeds following 2013 recalibration of Standards)
	2008	Ken Platts	+8.665 mph	
	2007	Ken Platts	+8.531 mph	
	2006	Ken Platts	+8.185 mph	
	1991	John Morley	+6.700 mph	
TRICYCLE	1989	John Lindsell	+3.208 mph	

In 1979 John Lindsell was VTTA [East Anglian Best Allrounder](#) over 25, 50 & 100 miles and 12 hours, at an average speed of 21.4mph, which is over 3mph faster than his Age 58 Standard.
