

CAMBRIDGE CC VETERANS' (over 40) CURRENT RECORDS (2018)

A Veteran can only establish an age record if someone older or of the same age has not already gone faster.

On this list an older rider is faster than everybody younger, down as far as the next name on the list.

The youngest on the list at each distance is faster than any over-40 in the Club's history.

Note. Veterans' Standards were revised in 2013 to lower levels so pre-change plus figures look high.
